Welcome to our Trade Catalogue which is a listing of all articles which we can sell to dealers with trade discount. Not all articles in our programme can be sold with trade discounts, but over 80% of all articles in our programme can be, and they are all here. This catalogue is only available as a download, but a copy of it is on our free Catalogue CD.

Please ask us for your rate sheet showing your confidential trade discount. The rate of discount is determined by us based on your category of business and turnover history.

We always send by the cheapest method, unless instructed otherwise. Shipping rates are available on demand, and we can always send you a quotation.

Our prices include German sales tax (VAT). Customers outside the EU are not charged sales tax, which is currently 7% on printed matter and 19% on all other articles in our programme.

## Our Pricing Policy ?

All our prices are in Euros and include all sales taxes. We only sell at our advertised prices. As permitted by EU regulations, we operate tax-free exports: customers outside the EU are not charged sales tax (7% on printed matter and 19% on all other items). We always try to avoid price changes. If we have to change a price due to fiscal situations, exchange rates or other external influences, then we immediately update that price on our webshop, the webshop price is always the prevailing price.

## Postage ?

Our postal charges are as modest as we can make them, details are in our Trading Conditions on our Web site.

Some orders qualify for free postage, often charges are less than the going rates.

## Payment ?

Payment by bank to bank transfer is preferred, but all major cards are accepted. We do not accept foreign cheques. All bank charges are the payer's responsibility.
